OFFICE OF LEGISLATIVE COUNSEL

Friday - 16 June 1978

1. (Unclassified - ME) FOIA/LIAISON I responded to a call from Mr. Barry Winsor, in the office of Representative John P. Murtha (D., Pa.) who wanted information on how a constituent should file an FOIA request with the Agency. I passed information on procedures for both Privacy Act and FOIA requests to CIA.

STAT

3. (Internal Use Only - ELS) LIAISON Jim Bush, House Permanent Select Committee on Intelligence staff, met with John McMahon, DDO, to discuss the parameters of the Committee Community-wide study on HUMINT. After the meeting, Mr. McMahon reported that he had agreed to provide briefings for Bush on DDO HUMINT operations, the DDO evaluation system, and DDO production. Mr. McMahon and Bush also made tentative plans for Bush to visit [redacted] sometime this summer. Mr. McMahon indicated that this exposure to DDO information is to be limited to Bush and not extended to other Committee staffers. I subsequently advised Walt Elder, IC Staff, of these arrangements.

STAT

4. (Secret - ELS) LIAISON Called Bill Miller, Staff Director, Senate Select Committee on Intelligence, and told him we were planning to send letters to Chairman Birch Bayh (D., Ind.) and Dan Childs, of the Committee staff, thanking them for the extraordinary cooperation the Director has received on the Intelligence Community reorganization plan. I asked Miller if it was proper at this time to mention a Committee decision on this matter. Miller said it would not be, as the Committee still had some formal procedures to go through before announcing its own decision. Appropriate letters were then prepared for the Director's signature. [redacted] D/DCI/RM, was informed of this conversation with Miller and the fact that we were sending letters.
